Aluminium Bottles and Extrusions

Seamless, top quality bottles and containers manufactured by the world leader, Tournaire. Widely used in the flavour, fragrance and essential oil markets. UN approved sizes available. Extrusions are ideal for packaging powders, pastes and solids or even electrical components, waxes and resins.

Materials

Both the Tournaire bottle range and the Ashfield extruded screw cap jars are manufactured from an aluminium slug to create a seamless container. Both ranges are supplied with closures with Tournaire offering increased protection with internal plugs and/or tamper evident caps.

Capacities

Tournaire available from 19 ml to 32 litres. Most popular industry sizes being 125 ml, 625 ml, 1.25 litre and 6.25 litre. A variety of neck diameters are available across the range.

Ashfield range available from 10 ml - 985 ml. Most popular industry sizes being 65 ml - 245 ml capacity.

Printing Options

Container closures can be personalised with print subject to minimum order quantities.

External and Internal Finishes

Tournaire containers are available with a choice of plain or lacquered interiors. Ashfield jars are available with a plain interior only.

Applications

Tournaire's range is designed to be shock, light, gas and perforation resistant and is used to house high value liquids including flavours, fragrances and essential oils.

Ashfield jars are ideal for powders, pastes, solids and resins.

Supply

Both ranges available in pallet, layer, and box quantities.

The UK and Ireland's largest supplier of rigid packaging containers
