Stackable Containers and Jerricans

UN approved jerricans used for storage and transportation of liquids including hazardous products. Available in a wide range of sizes from 500ml to 30 litres in various colours. Many sizes are stackable to allow maximum pallet utilisation.

Materials

Manufactured from high density polyethylene.

Capacities

From 500ml - 30 litres with most popular industry standard sizes being 5, 10, 25 and 30 litres. Choice of stackable or square round design with various neck sizes available across the range.

Printing Options

Silk screen printing available.

External and Internal Finishes

Natural, white, blue and black. Other colours available subject to minimum order quantities.

Applications

Used for liquid products including industrial chemicals, agro chemicals, detergents, lubricating oils, edible oils, foods, beverages and many more.

Supply

Available in pack and pallet quantities.

The UK and Ireland's largest supplier of rigid packaging containers
