Steel and Tinplate Drums

Available with plain or lacquered interiors these drums are used for holding solvents, resins, oils and lubricants. Available in capacities from 5 litres to 210 litres with a variety of bung configurations. Some have UN approval. Smaller capacity drums are available in white, blue and black.

Materials

Manufactured from high quality tinplate or mild steel for easy transportation of chemical based products.

Capacities

Available in a range of sizes from 5 litres to 210 litres. Drums up to 60 litres come with handle and tight head finish. 210 litre drum available with either tight head or open top closure. Range available with industry standard 2" and 3/4" tri sure head bungs. Tinplate drums are available with a 59 mm or 78 mm screw cap neck closure.

Printing Options

Variety of printing options available, depending on quantities, from a simple in-house process to a high definition finish.

External and Internal Finishes

Tinplate drums supplied predominantly in white. Steel drums available blue or black. Other colours available subject to minimum order quantities. Both ranges available with a choice of plain or lacquered internal finish.

Applications

Chemical, paint and coatings, resins, oils, lubricants, pharmaceutical and hazardous wastes.

Supply

Available in pallet quantities up to 60 litres. 210 litre drums supplied 4 to a pallet or individually.

The UK and Ireland's largest supplier of rigid packaging containers
