Tins

Used for paints, adhesives, pastes and liquids, these tins can be specified with plain or lacquered interiors in a variety of sizes from 125ml to 5 litres. Customers' designs can be litho printed in a number of colours (subject to a minimum order). Certain sizes have UN approval for hazardous goods.

Materials

Manufactured from tinplate sheet steel to provide effective transportation for aggressive chemical-based products.

Capacities

Available as lever lid tin with push on lid, rectangular tin with screw cap or bung and cone top with screw cap. Capacities range from 125ml to 5 litres with most popular industry standard sizes being 1, 2.5 and 5 litres.

Printing Options

Variety of printing options available, depending on quantities, from a simple in-house process to a high definition finish.

External and Internal Finishes

Tins supplied as plain or white with a plain or lacquered internal finish.

Applications

Paints, inks, automotive products, oils and chemical products.

Supply

Available in pack, pallet, layer or box quantities.

The UK and Ireland's largest supplier of rigid packaging containers
