

INVOPAK

Over 60 years involvement
in packaging containers

UN Cartons

Provide added protection for air freight. Many of our packaging containers from plastic to aluminium, are designed to fit within these cartons to meet UN regulations for the transportation of hazardous goods.

Materials

Manufactured from brown, double walled, corrugated board. Each carton is glued and carries a UN approved code printed in black.

Capacities

A variety of carton sizes are available for the carriage of containers up to 25 litres in capacity.

Applications

Designed for the safe transportation of a wide range of hazardous goods, in accordance with UN regulations.

Supply

All boxes are supplied in a flat packed format in pallet or bundle quantities.

Sales: 0870 606 4686
